## INTRODUCTION

### About Horestco

Horestco is a manufacturer and supplier of commercial grade furniture for homes, hotels, resorts, restaurants, condominiums, projects and commercial spaces. We specialize in indoor and outdoor wooden furniture, stainless steel furniture, custom made furniture, teak furniture and woven natural and synthetic rattan furniture.

Horestco is a reputable company with a team that has many years of first-hand experience in the furniture and hospitality industry. Having our roots in the hospitality industry, we understand its needs, with over 20 years of experience in the hospitality industry and 11 years of experience in furniture manufacturing. We have developed, manufactured and supplied furniture to a vast number of clientele in various countries.

We work with our clients, including architects, interior decorators and contractors - to produce new designs and reduce costs in production and procurement of furniture. Our expertise in working with quality materials such as Solid timbers - Teak and Mahogany, Weaving Natural and Synthetic Rattan, various Leathers and Fabrics, Stainless Steel and Aluminum, Natural and Processed marble, Granite and Glass results in superior quality furniture that is often beyond customer expectations.

## Our Philosophy

We Aim to produce furniture through a learning process that starts from the user experience. Our furniture is designed and made after hearing to feedback from our customers. Having the experience of producing custom-made furniture for years, we understand your furniture needs.

We aim to incorporate our customer's ideas and designs into our standard furniture. Thus reversing the furniture design process, from customer to designer. We strongly believe that every customer knows best their unique needs and we are here only to cement your furniture needs with our knowledge. In other words, we let our customers to design our furniture range.

You get the furniture that has been designed and demanded by other users who have used similar furniture, not some designer from a foreign culture, who has little knowledge of our own culture and building styles.

We follow Kaizen, the Japanese philosophy of constant improvement in the operations of our company as well as in the manufacturing process of the furniture. It also compliments the democratic design process. In turn, you receive furniture that has been continuously improved after feedback from users and designs that are latest and in demand.

## Our Mission

Horestco adheres to the fundamental principles of offering quality furniture at an affordable cost. We focus on what we do best - manufacturing commercial furniture. Adhering to our mission "To be the supplier of Choice beyond borders", our products are priced highly competitively without compromising quality, which has made our furniture to acquire a strong reputation. Our excellent relationship with partner manufacturers allows us to keep low inventory levels and have short supply lead times. This allows us to lower our own inventory costs and price our products highly competitively for our clients without compromising quality. We are always ready to fulfill your furniture and furnishing requirements - be it a fine dining restaurant, boutique hotel, condominium, serviced apartment, fast food restaurant or a coffee shop

Our dedicated team of personnel with hands on experience is always committed to provide reliable and competitive services to our clients. We have performed admirable in our current activities, executing work timely to a high safety and quality standard.

## Thinking Green

Horestco Produces exclusive EARTH COLLECTION made of recycle materials. We deliver luxury, style and innovation in one beautiful package. Beautiful design elements, comfortable and functional furniture, and a wide range of choices meet the environmentally responsible mission of Go Green. This proves going green does not exclude good taste, style, comfort and value.

Horestco's EARTH COLLECTION is made with eco-friendly materials to create the exclusive Green line of environmentally friendly, green furniture. In our green collection we use reclaimed teakwood from old ships, boats, and old houses. These beautiful and innovative products combine clean design and functionality and are made from sustainable, organic, and recycled materials.

The furniture is made from Forestry Stewardship Council (FSC) certified wood. Glues and finishes are non-toxic and formaldehyde-free. And a wide range of upholstery options and colors are available using recycle Yarn fabrics.

All pieces are custom manufactured to order. For more information visit us at:  
[www.horestco.com](http://www.horestco.com)
